

## **Brixworth Parish Council**

### **Report on Internal Audit check November 2018**

I confirm I have carried out an audit check of a number of transactions carried out by Brixworth Parish Council.

The sample was wide in scope including Direct Debits, on-line payments and invoices sent.

Once again, I am pleased to report that I found no variance from either the Parish Council nor National accounting requirements.

The accounts are now "clear at a glance", especially with VAT being clearly indicated and the Powers used to make each payment.

Peter has clearly worked hard and spent much time on what could be regarded as a transformation in presentation and compliance and he has my personal thanks for this.
